

## **SPX Provides Details of Annual Investor Meeting on January 19**

January 17, 2011 8:28 AM ET

CHARLOTTE, N.C., Jan. 17, 2011 /PRNewswire via COMTEX/ --

SPX Corporation (NYSE: SPW) today provided dial-in information and webcast details for its annual meeting with investors, scheduled for 1 p.m. Eastern Time on Wednesday, January 19, 2011.

Investors can listen to the meeting at these phone numbers: US - 866-543-6411. International - +1 617-213-8900. The participant passcode is 48039334. The webcast presentation will be provided at this URL: <http://www.spx.com/en/investor-relations/webcasts-presentations.aspx>.

Chris Kearney, Chairman, President and CEO, and Patrick O'Leary, Executive Vice President and CFO will present a detailed update on SPX along with the company's earnings guidance for 2011.

The meeting will be held at the Mandarin Oriental Hotel in New York City. Attendees should contact Maureen Weiland at [maureen.weiland@spx.com](mailto:maureen.weiland@spx.com) for details and to RSVP, as seating is limited. A webcast replay will be available on the Investor Relations section of [spx.com](http://www.spx.com) until Wednesday, February 2, 2011.

### **About SPX**

SPX Corporation is a Fortune 500 multi-industry manufacturing leader that provides its customers with highly-specialized, engineered solutions to solve critical business issues.

SPX products and technologies play an important role in the expansion of global infrastructure to help meet increased demand for power and energy and support many different sources of power generation, including coal and natural gas, nuclear, solar and geothermal. The company's innovative product portfolio, containing many energy efficient products, includes cooling systems for power plants throughout the world; highly advanced food processing components and turnkey, scalable systems serving the global food and beverage industry; process equipment that assists a variety of flow processes including oil and gas exploration, distribution and refinement and power generation; handheld diagnostic tools that aid in vehicle maintenance and repair; and power transformers that allow utility companies to regulate electric voltage, transmission and distribution.

With headquarters in Charlotte, North Carolina, SPX has 15,000 employees in more than 35 countries worldwide. Visit <http://www.spx.com/>.
