SPX Technologies Reports Third Quarter 2023 Results

Q3 GAAP EPS of \$0.76; Adjusted EPS* of \$1.06 Raising Full-Year 2023 Adjusted EPS* Guidance to Range of \$4.22-4.32

CHARLOTTE, N.C., November 2, 2023 (GLOBE NEWSWIRE) -- SPX Technologies, Inc. (NYSE:SPXC) (“SPX”, the “Company”, “we” or “our”) today reported results for the third quarter ended September 30, 2023.

Gene Lowe, President and CEO remarked, “During Q3, our businesses continued to perform well, and the overall demand for our products remained strong. We achieved significant year-on-year revenue and margin growth, and our recent acquisitions delivered solid results.”

Mr. Lowe continued, “Considering our year-to-date performance and outlook, we are increasing our full-year 2023 guidance for Adjusted EPS* to a range of \$4.22 to \$4.32 from a prior range of \$4.15 to \$4.30, reflecting year-over-year growth at the midpoint of approximately 38%. With a robust backlog and positive operational momentum, we are well-positioned to finish the year strong.”

Mr. Lowe further commented, “During the quarter we finalized an agreement with Mitsubishi to settle all remaining claims between us with respect to the projects in South Africa. This is a very positive development which ends our involvement with these projects and allows us to further focus on growth.”

Third Quarter 2023 Overview:

For the third quarter of 2023, the Company reported revenue of \$448.7 million and operating income of \$57.7 million, compared with revenue of \$370.5 million and operating income of \$37.3 million in the third quarter of 2022. Diluted income per share from continuing operations in the third quarter of 2023 was \$0.76, compared with \$0.27 in the third quarter of 2022.

Adjusted operating income* was \$75.8 million, compared with \$48.3 million in the third quarter of 2022. Adjusted earnings per share* in the third quarter of 2023 was \$1.06, compared with \$0.81 in the third quarter of 2022. Adjusted operating income* and Adjusted earnings per share* exclude amortization expense, and acquisition and strategic transformation-related costs, among other items.

Third Quarter and Year-to-Date Financial Comparisons:

(\$ millions)	Q3 2023		Q3 2022		2023 YTD		2022 YTD	
Revenue	\$	448.7	\$	370.5	\$	1,271.8	\$	1,031.6
Consolidated operating income		57.7		37.3		158.8		75.9
Income from continuing operations		35.7		12.5		113.1		44.6
Consolidated segment income*		91.6		63.4		250.4		159.1
Adjusted operating income*		75.8		48.3		203.5		115.6

* Non-GAAP financial measure. See attached schedules for reconciliation of each historical non-GAAP measure to the respective most comparable GAAP financial measure. Reconciliations of non-GAAP guidance measures are not practicable and accordingly are not included in the attached schedules.

HVAC Segment

Revenue for the third quarter of 2023 was \$289.2 million, compared with \$227.8 million in the third quarter of 2022, an increase of 27.0%, including a 16.3% increase from the acquisitions of TAMCO and ASPEQ, a 10.6% increase in organic revenue, and a 0.1% favorable impact related to the translation effect of currency fluctuation. The organic increase in revenue was driven by higher sales of cooling products, including increases in both price and volume. Volume increases were supported by greater plant throughput and more stable labor and supply chain environments.

Segment income in the third quarter of 2023 was \$58.3 million, or 20.2% of revenue. This compares with segment income of \$33.1 million, or 14.5% of revenue in the third quarter of 2022. The increase in segment income and 570 basis points increase in segment income margin were primarily due to the higher revenue noted above and a more favorable sales mix associated with acquisitions.

Detection & Measurement Segment

Revenue for the third quarter of 2023 was \$159.5 million, compared with \$142.7 million in the third quarter of 2022, an increase of 11.8%, including a 10.4% increase in organic revenue, and a 1.4% favorable impact related to the translation effect of currency fluctuation. The organic increase in revenue was primarily due to higher volumes of large projects within the communication technologies, transportation and aids to navigation businesses.

Segment income for the third quarter of 2023 was \$33.3 million, or 20.9% of revenue. This compares with segment income of \$30.3 million, or 21.2% of revenue in the third quarter of 2022. The increase in segment income was primarily due to the higher revenue noted above. The decrease of 30 basis points in segment income margin was primarily due to less favorable sales mix associated with certain of the large projects mentioned above.

Settlement Agreement in South Africa: During the third quarter, a subsidiary of SPX entered into an agreement with Mitsubishi Heavy Industries Power to resolve all claims between the parties with respect to the two large power projects in South Africa. In connection with this agreement, we incurred a charge that is included in “Loss from discontinued operations, net of tax” for the three and nine months ended September 30, 2023.

Financial Update: As of September 30, 2023, SPX had total outstanding debt of \$673.9 million and total cash of \$102.0 million. During the third quarter of 2023, SPX’s net operating cash flow from continuing operations totaled \$45.4 million. Capital expenditures for continuing operations for the third

quarter of 2023 were \$7.8 million.

2023 Guidance Update:

SPX is updating full-year 2023 guidance, and is now targeting consolidated revenue of approximately \$1.74-\$1.77 billion (\$1.72-\$1.75 billion prior), an adjusted operating income margin* of approximately 16.3% (16.00%-16.25% prior), and adjusted earnings per share* in a range of \$4.22-\$4.32 (\$4.15-\$4.30 prior).

Segment and company performance is expected to be as follows:

	Revenue	Segment Income Margin %
HVAC	\$1,125-\$1,145 million (<i>\$1,125-\$1,145 million prior</i>)	~20% (~20% prior)
Detection & Measurement	\$610-\$620 million (<i>\$590-\$605 million prior</i>)	~20% (~20% prior)
Total SPX	\$1.74-\$1.77 billion (<i>\$1.72-\$1.75 billion prior</i>)	~20% (~20% prior)

Conference Call: SPX Technologies will host a conference call at 4:45 p.m. (EDT) today to discuss third quarter results. The call will be simultaneously webcast via the Company's website at www.spx.com and the slide presentation will be available in the Investor Relations section of the site.

Call Access: To access the call by phone, please go to this link

<https://register.vevent.com/register/BI4a94c8d62c9d4b5fb86c5a1b140f2a94> and you will be provided with dial-in details. To avoid delays, we encourage participants to dial into the conference call fifteen minutes ahead of the scheduled start time. A replay of the webcast will also be available for a limited time at www.spx.com.

Upcoming Investor Events: Company management plans to conduct virtual meetings with investors during the fourth quarter of 2023 and the Company will also be participating in the Baird Industrials Conference in Chicago on November 9th, and the UBS Industrials Summit in Palm Beach, Florida on November 29th.

About SPX Technologies, Inc.: SPX Technologies, Inc. is a diversified, global supplier of highly engineered products and technologies, holding leadership positions in the HVAC and detection and measurement markets. Based in Charlotte, North Carolina, SPX Technologies, Inc. has more than 4,000 employees in 15 countries. SPX Technologies, Inc. is listed on the New York Stock Exchange under the ticker symbol "SPXC." For more information, please visit www.spx.com.

Non-GAAP Financial Information: This press release contains certain non-GAAP financial measures, including total segment income, adjusted operating income, adjusted income from continuing operations before income taxes, adjusted income from continuing operations, adjusted earnings per share from continuing operations (or, adjusted EPS) and organic revenue growth. These non-GAAP financial measures do not provide investors with an accurate measure of, and should not be used as a substitute for, the comparable financial measures as determined in accordance with accounting principles generally accepted in the United States ("GAAP"). The Company believes these non-GAAP financial measures, when read in conjunction with the comparable GAAP financial measures, give investors a useful tool to assess and understand the Company's overall financial performance, because they exclude items of income or expense that the Company believes are not reflective of its ongoing operating performance, allowing for a better period-to-period comparison of operations of the Company. Additionally, the Company's management uses these non-GAAP financial measures as measures of the Company's performance. The Company acknowledges that there are many items that impact a company's reported results and the adjustments reflected in these non-GAAP measures

are not intended to present all items that may have impacted these results. In addition, these non-GAAP measures are not necessarily comparable to similarly titled measures used by other companies.

Refer to the tables included in this press release for the components of each of the non-GAAP financial measures, and for the reconciliations of historical non-GAAP financial measures to their respective comparable GAAP measures. Our non-GAAP financial guidance excludes items, which would be included in our GAAP financial measures, that we do not consider indicative of our on-going performance; and are calculated in a manner consistent with the presentation of the similarly titled historical non-GAAP measures presented in this press release. These items include, but are not limited to, acquisition costs, costs associated with dispositions, and potential non-cash income or expense items associated with changes in market interest rates and actuarial or other data related to our pension and postretirement plans, as the ultimate aggregate amounts associated with these items are out of our control and/or cannot be reasonably predicted. Accordingly, a reconciliation of our non-GAAP financial guidance to the most comparable GAAP financial measures is not practicable. Full-year guidance excludes changes in the number of shares outstanding; impacts from future acquisitions, dispositions and related transaction costs, restructuring costs, incremental impacts of tariffs and trade tensions on market demand and costs subsequent to the end of the third quarter, the impact of foreign exchange rate changes subsequent to the end of the third quarter, and environmental and litigation charges.

Forward Looking Statements: Certain statements in this press release are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and are subject to the safe harbor created thereby. Please read these results in conjunction with the Company's documents filed with the Securities and Exchange Commission, including the Company's most recent annual report on Form 10-K and quarterly report on Form 10-Q. These filings identify important risk factors and other uncertainties that could cause actual results to differ from those contained in the forward-looking statements, including the following: cyclical changes and specific industry events in the Company's markets; changes in anticipated capital investment and maintenance expenditures by customers; availability, limitations or cost increases of raw materials and/or commodities that cannot be recovered in product pricing; the impact of competition on profit margins and the Company's ability to maintain or increase market share; inadequate performance by third-party suppliers and subcontractors for outsourced products, components and services and other supply-chain risks; the uncertainty of claims resolution with respect to environmental and other contingent liabilities; the impact of climate change and any legal or regulatory actions taken in response thereto; cyber-security risks; risks with respect to the protection of intellectual property, including with respect to the Company's digitalization initiatives; the impact of overruns, inflation and the incurrence of delays with respect to long-term fixed-price contracts; defects or errors in current or planned products; the impact of pandemics and governmental and other actions taken in response; domestic economic, political, legal, accounting and business developments adversely affecting the Company's business, including regulatory changes; changes in worldwide economic conditions, including as a result of geopolitical conflicts; uncertainties with respect to the Company's ability to identify acceptable acquisition targets; uncertainties surrounding timing and successful completion of any announced acquisition or disposition transactions,

including with respect to integrating acquisitions and achieving cost savings or other benefits from acquisitions; the impact of retained liabilities of disposed businesses; potential labor disputes; and extreme weather conditions and natural and other disasters.

Actual results may differ materially from these statements. The words “guidance,” “believe,” “expect,” “anticipate,” “project” and similar expressions identify forward-looking statements. Although the Company believes that the expectations reflected in its forward-looking statements are reasonable, it can give no assurance that such expectations will prove to be correct.

Statements in this press release speak only as of the date of this press release, and SPX Technologies disclaims any responsibility to update or revise such statements, except as required by law.

⁽¹⁾ Represents transition services income related to the Asbestos Portfolio Sale for the three and nine months ended September 30, 2023 and the Transformer Solutions disposition for the three and nine months ended October 1, 2022. Amounts recorded in non-operating income for U.S. GAAP purposes. The Asbestos Portfolio Sale and Transformer Solutions disposition are described in the Company's most recent Form 10-K.

⁽²⁾ For the three and nine months ended September 30, 2023, represents (i) acquisition and strategic/transformation related costs of \$0.5 and \$7.0, respectively, (ii) certain integration costs of \$0.4 and \$1.4, respectively, and (iii) inventory step-up charges of \$2.5 and \$3.6, respectively, related to the ASPEO acquisition. For the three and nine months ended October 1, 2022, represents (i) acquisition and strategic/transformation related costs of \$4.2 and \$12.3, respectively, (ii) costs associated with our South Africa business that could not be allocated to discontinued operations for U.S. GAAP purposes of \$0.2 and \$0.6, respectively, (iii) inventory step-up charges of \$0.1 and \$1.1, respectively, related to the ITL acquisition, and (iv) a benefit of \$0.8 related to forfeitures of long-term incentive compensation.

⁽³⁾ For the nine months ended October 1, 2022, represents asbestos-related charges of \$2.3, partially offset by a gain of \$1.3 related to the revision of a liability associated with contingent consideration on a recent acquisition.

⁽⁴⁾ Represents amortization expense associated with acquired intangible assets.
